

Art of Hair

A short holiday treatment for your hair

Ute Peters is a hairdresser and has owned Art of Hair based in Puerto del Carmen for two years. She has created a relaxed and inviting atmosphere where her clients can enjoy been pampered.

Ute Peters is committed to offering each of her clients' individual expert advice. She listens to their requirements and takes time to understand their needs. One speciality of Ute Peters is the

„holiday for the hair“ program. The special climate conditions in Lanzarote, dry air, strong wind, high UV radiation and the chloride water of the swimming pools, attack and destroy in a very aggressive way the hair. If you add to that cocktail salt water, even the healthiest hair gets dry and brittle. And there is nothing worse than coming home from holidays very relaxed and with a nice tan but with the hair damaged.

To fight against all these influences Art of Hair offers special care treatments for the hair that show nearly immediately astonishing results. Packages with mineral oil, humidity treatments and very important UV-filters are some of the products used. As an expert Ute works with tried and tested products of Revlon and Wella, because she knows exactly that reliability is one of the most important gifts in hair dresser.

Also new is the offer of Art of Hair for individual style-advice for weddings and other important festivities. From the haircut to the right colour consultations and the perfect make up for the event everything is considered. Fixed cooperation with wedding agencies on Lanzarote will start soon.

If you are spending a longer period of time on Lanzarote, if you are a resident or just passing your holidays here, a visit to Art of Hair will be good for your hair. You can choose between a new individual haircut or experience the great effects of the special Lanzarote care treatments on your hair. Invite your hair to a short holiday, visit Art of Hair.
